Caliber's Holdings Increased to 562,535 LINK Tokens

SCOTTSDALE, Ariz., Oct. 16, 2025 (GLOBE NEWSWIRE) -- Caliber (NASDAQ: CWD), a leading diversified real estate and digital asset management platform, today announced the completion of a strategic \$2.0 million purchase of Chainlink (LINK) tokens, further strengthening its Digital Asset Treasury (DAT) Strategy and underscoring its commitment to blockchain innovation.

Caliber acquired 94,903 LINK tokens at an average price of \$21.07 per token (including fees and expenses). This acquisition continues the Company's previously announced strategy to continually grow Caliber's LINK DAT through disciplined, incremental acquisitions over time. This acquisition grows Caliber's total holdings in LINK to 562,535 tokens valued at approximately \$10.1 million.

Caliber's DAT Strategy is designed around gradual, measured acquisitions that allow the Company to dollar-cost-average its LINK purchases while generating long-term appreciation and staking yield. Over time, Caliber intends to build one of the largest LINK treasuries held by a public company.

Caliber is the first Nasdaq-listed company to publicly adopt a treasury strategy anchored in LINK. Through this initiative, Caliber provides its shareholders with transparent, mark-to-market exposure to LINK while positioning itself at the intersection of real asset infrastructure and digital asset infrastructure.
