CALIBER TO PARTICIPATE IN SIDOTI SMALL-CAP VIRTUAL CONFERENCE ON MARCH 13, 2024

SCOTTSDALE, Ariz., March 11, 2024 — Caliber (the “Company” or “CaliberCos Inc.”) (NASDAQ: CWD), a real estate investor, developer, and manager, today announced that Jade Leung, CFO of Caliber, will present at the Sidoti Small-Cap Virtual Conference on Wednesday, March 13, 2024, at 1:00 PM ET. Mr. Leung will also be available for one-on-one meetings with institutional investors held throughout the day. During his presentation, Mr. Leung plans to discuss Caliber’s business model for growth and the growing opportunities the firm currently sees in distressed real estate.

Registration for the live presentation can be accessed on the Company’s Investor Relations page at <https://ir.caliberco.com/> or visit www.sidoti.com/events, where one-on-one meetings may also be requested. Registration is free and the event is open to all interested parties.

About Caliber (CaliberCos Inc.) (NASDAQ: CWD)

With more than \$2.9 billion of managed assets, including estimated costs to complete assets under development, Caliber’s 15-year track record of managing and developing real estate is built on a singular goal: make money in all market conditions. Our growth is fueled by our performance and our competitive advantage: we invest in projects, strategies, and geographies that global real estate institutions do not. Integral to our competitive advantage is our in-house shared services group, which offers Caliber greater control over our real estate and visibility to future investment opportunities. There are multiple ways to participate in Caliber’s success: you can invest in Nasdaq-listed [CaliberCos Inc.](#) and/or you can invest directly in our [Private Funds](#).

Forward Looking Statements

This press release contains “forward-looking statements” that are subject to substantial risks and uncertainties. All statements, other than statements of historical fact, contained in this press release are forward-looking statements. Forward-looking statements contained in this press release may be identified by the use of words such as “anticipate,” “believe,” “contemplate,” “could,” “estimate,” “expect,” “intend,” “seek,” “may,” “might,” “plan,” “potential,” “predict,” “project,” “target,” “aim,” “should,” “will” “would,” or the negative of these words or other similar expressions, although not all forward-looking statements contain these words. Forward-looking statements are based on the Company’s current expectations and are subject to inherent uncertainties, risks and assumptions that are difficult to predict. Further, certain forward-looking statements are based on assumptions as to future events that may not prove to be accurate. These and other risks and uncertainties are described more fully in the section titled “Risk Factors” in

the final prospectus related to the Company's public offering filed with the SEC and other reports filed with the SEC thereafter. Forward-looking statements contained in this announcement are made as of this date, and the Company undertakes no duty to update such information except as required under applicable law.

Forward-Looking Statements

This presentation includes statements concerning CaliberCos Inc.'s (the "Company," or "Caliber") expectations, beliefs, plans, objectives, goals, strategies, assumptions of future events, future financial performance, or growth and other statements that are not historical facts. These statements are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In some cases, readers and the audience can identify these forward-looking statements through the use of words or phrases such as "estimate," "expect," "anticipate," "intend," "plan," "project," "believe," "forecast," "should," "could," and other similar expressions. Forward-looking statements involve risks and uncertainties that may cause actual results or outcomes to differ materially from those included in the forward-looking statements. The Company's expectations, beliefs, and projections are expressed in good faith and are believed by the Company to have a reasonable basis, but there can be no assurance that management's expectations, beliefs, or projections will be achieved or accomplished. Factors that may cause actual results to differ materially from those included in the forward-looking statements include, but are not limited to, factors affecting the Company's ability to successfully operate and manage its business, including, among others, title disputes, weather conditions, shortages, delays, or unavailability of equipment and services, property management, brokerage, investment and fund operations, the need to obtain governmental approvals and permits, and compliance with environmental laws and regulations; changes in costs of operations; loss of markets; volatility of asset prices; imprecision of asset valuations; environmental risks; competition; inability to access sufficient capital; general economic conditions; litigation; changes in regulation and legislation; economic disruptions or uninsured losses resulting from major accidents, fires, severe weather, natural disasters, terrorist activities, acts of war, cyber attacks, or pest infestation; increasing costs of insurance, changes in coverage and the ability to obtain insurance; and other presently unknown or unforeseen factors. Other risk factors are detailed from time to time in the Company's reports filed with the Securities and Exchange Commission. Any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update the information contained in any forward-looking statements to reflect developments or circumstances occurring after the statement is made or to reflect the occurrence of unanticipated events. Past performance is not indicative of future results. There is no guarantee that any specific outcome will be achieved. Investment may be speculative and illiquid and there is a total risk of loss. There is no guarantee that any specific investment will be suitable or profitable.

This presentation does not constitute an offering of, nor does it constitute the solicitation of an offer to buy, securities of the Company. This presentation is provided solely to introduce the Company to the recipient and to determine whether the recipient would like additional information regarding the Company and its anticipated plans. Any investment in the Company or sale of its securities will only take place pursuant to an appropriate, private placement memorandum and a detailed subscription agreement. Some of the information contained herein is confidential and proprietary to the Company and the presentation is provided to the recipient with the express understanding that without the prior written permission of the Issuer, such recipient will not distribute or release the information contained herein, make reproductions of, or use it for any purpose other than determining whether the recipient wishes additional information regarding the Company or its plans. By accepting delivery of this presentation, the recipient agrees to return same to the Company if the recipient does not wish to receive any further information regarding the Company. We have filed a registration statement (including a preliminary prospectus) with the SEC for the offering to which this communication relates. The registration statement has not yet become effective. Before you invest, you should read the preliminary prospectus in that registration statement (including the risk factors described therein) and other documents that we have filed with the SEC for more complete information. Asset Management Revenue Run Rate. This is an estimate that annualizes asset management revenue, which are on a basis that deconsolidates the consolidated funds.

Assets Under Development. We define development, redevelopment, construction, and entitlement projects that are underway or are in the planning stages as Assets Under Development ("AUD"). This category includes projects we are planning to build on undeveloped land. If all of these projects are brought to completion, the total cost capitalized to these projects, which represents total current estimated costs to complete the development and construction of such projects, is \$2.2 billion, which we expect would be funded through a combination of undeployed fund cash, third-party equity, project sales, tax credit financing and similar incentives, and secured debt financing. We are under no obligation to complete these projects and may dispose of any such assets at any time. There can be no assurance that assets under development will ultimately be developed or constructed because of the nature of the cost of the approval and development process and market demand for a particular use. In addition, the mix of residential and commercial assets under development may change prior to final development. The development of these assets will require significant additional financing or other sources of funding, which may not be available.

Consolidated EBITDA and Consolidated Adjusted EBITDA. We present **EBITDA** and **Adjusted EBITDA**, which are not recognized financial measures under U.S. GAAP, as supplemental disclosures because we regularly review these measures to evaluate our funds, measure our performance, identify trends, formulate financial projections and make strategic decisions.

Consolidated EBITDA represents the Company's and the consolidated funds' earnings before net interest expense, income taxes, depreciation and amortization. Consolidated Adjusted EBITDA represents Consolidated EBITDA as further adjusted to exclude stock-based compensation, transaction fees, expenses and other public registration direct costs related to aborted or delayed offerings and our Reg A+ offering, the share repurchase costs related to the Company's Buyback Program, litigation settlements, expenses recorded to earnings relating to investment deals which were abandoned or closed, any other non-cash expenses or losses, as further adjusted for extraordinary or non-recurring items.

Caliber Adjusted EBITDA represents Consolidated Adjusted EBITDA on a basis that deconsolidates our consolidated funds (intercompany eliminations) and eliminates noncontrolling interest. Eliminating the impact of consolidated funds and noncontrolling interest provides investors a view of the performance attributable to Caliber Cos Inc. and is consistent with performance models and analysis used by management.

When analyzing our operating performance, investors should use these measures in addition to, and not as an alternative for, their most directly comparable financial measure calculated and presented in accordance with U.S. GAAP. We generally use these non-U.S. GAAP financial measures to evaluate operating performance and for other discretionary purposes. We believe that these measures enhance the understanding of ongoing operations and comparability of current results to prior periods and may be useful for investors to analyze our financial performance because they eliminate the impact of selected charges that may obscure trends in the underlying performance of our business. Because not all companies use identical calculations, our presentation of Consolidated EBITDA, Consolidated Adjusted EBITDA, and Caliber Adjusted EBITDA may not be comparable to similarly identified measures of other companies.

Consolidated EBITDA, Consolidated Adjusted EBITDA, and Caliber Adjusted EBITDA are not intended to be measures of free cash flow for our discretionary use because they do not consider certain cash requirements such as tax and debt service payments. These measures may also differ from the amounts calculated under similarly titled definitions in our debt instruments, which amounts are further adjusted to reflect certain other cash and non-cash charges and are used by us to determine compliance with financial covenants therein and our ability to engage in certain activities, such as incurring additional debt and making certain restricted payments.

Definitions and Non-GAAP Measures

Fair Value Assets Under Management ("FV AUM"). FV AUM is defined as the aggregate fair value of the real estate assets the Company manages from which it derives management fees, performance revenues and other fees and expense reimbursements.

We estimate the value of these assets quarterly to help make sale and hold decisions and to evaluate whether an existing asset would benefit from refinancing or recapitalization. This also gives us insight into the value of our carried interest at any point in time. We also utilize FV AUM to predict the percentage of our portfolio which may need development services in a given year, fund management services (such as refinance), and brokerage services. As we control the decision to hire for these services, our service income is generally predictable based upon our current portfolio AUM and our expectations for AUM growth in the year forecasted.

Managed Capital. We define managed capital as the total equity capital raised by the Company from investors for its investment funds.

We use this information to monitor, among other things, the amount of 'preferred return' that would be paid at the time of a distribution and the potential to earn a performance fee over and above the preferred return at the time of the distribution. Our asset management fees are based on a percentage of managed capital and monitoring the change and composition of managed capital provides relevant data points for Caliber management to further calculate and predict future earnings.
